I am desperate. How to get my password? the file GTP7500ITVP7500XXLQ8P7500OXALQ8Original16.exe (v3.0.1) was downloaded with a getcontent=1 parameter. A: You have provided it, running your own software against your own service must be the best way to learn about your own security. While it's possible to get at the content, it's much easier to just block it. Q: Converting.tsv file into.csv file using python I am trying to convert a.tsv file into a.csv file. Data: 2015-01-01,1,1.01,4.51 2015-01-02,1,0.1,0.61 2015-01-03,1,0.37,0.64 2015-01-04,1,0.51,0.7 2015-01-05,1,0.51,1.34 2015-01-06,1,0.51,0.32 My code looks like this: df=pd.read_csv('/home/abcd/Desktop/2017/My-data/New Delhi.tsv') df.columns= ['Day1','indiv_ID','GDP','indiv_Interest'] df['Day1']=df['Day1'].apply(lambda x: x.split(',')[0]) df['indiv_ID']=df['indiv_ID'].apply(lambda x: x.split(',')[1]) df['indiv_Interest']=df['indiv_Interest'].apply(lambda x: x.split(',')[2]) df.to_csv('NewDelhi.csv',sep=',',index=False) and the output.csv file is: Day1,indiv_ID,GDP,indiv_Interest 2015-01-01,1,1.01,4.51 2015-01-02,1,0.1,0.61 2015-01-03,1,0.37,0.64 2015-01-04,1,0.51,0.7 2015-01-05,1,0. e79caf774b
